### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Castel on 5/28/04.

The application has been amended as follows:

In claim 1 (original): line 2, the phrase "or the like" has been deleted.

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or render obvious a motivation to provide a mooring device occupying a first condition in which it's adapted to follow variations of distance between the anchoring point and the ground while permitting the elongation or shortening of the line and a second condition in which it opposes the unwinding of the line when the speed of unwinding exceeds a certain threshold or is subject to abrupt acceleration, these along with the rest of other limitations/features as claimed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
